Day 3	Zanzibar	(B)

Tour of Stone Town - the old city and cultural heart of Zanzibar, little changed in the last 200 years. It is a place of winding alleys, bustling bazaars, mosques and grand Arab houses whose original owners vied with each other over the extravagance of their dwellings. As you walk through the town, please remember that Stone Town is very much a real community, where real people live and work. It is not a museum piece or theme park created for tourists, and sensitivity should be shown to the local people. Afternoon at leisure.
